

## ◆ What is Upward Bound?

Upward Bound for ESL Learners is a year-round program for motivated students with academic potential whose native language is not English. Participants must have a goal of attending college.

Upward Bound for ESL Learners has helped hundreds of students succeed since 1995. In fact, since the first senior class graduated in 1997, ninety-six percent of Upward Bound graduates have gone on to colleges, both close to home and across the nation.

Because Upward Bound for ESL Learners is a federally funded TRIO program, there is no cost to participate.

◆ Working hard and learning together is fun. High achievement becomes a habit!

## ◆ Programs for Success

Upward Bound for ESL Learners is divided into academic and summer components.

During school participants meet weekly with a tutor. These individual sessions are determined by the participant's needs—academics, guidance, college selection, career exploration, or personal concerns.

During the summer participants live in the residence halls at CSU, Chico. They take classes for high school credit that emphasize skills needed for college. Electives, recreation, field trips, internships, and career exploration are offered along with much, much more!
